

## Why 72Stories?

It's a safe place for your community to pray together 24/7 from anywhere.

This is a topic-driven social media tool for people who want to grow spiritually in community. It is not the place to brag about vacations or to complain about politicians.

72Stories was designed to encourage transparency in Christian communities, something dearly needed in our church.

Developed by a skilled web developer and prayer warrior whose heart was transformed by the love of Jesus Christ.

72Stories is feature-rich! Turn this brochure over to see the many features.

72Stories is affordable. Ministries pay a per subscriber annual fee of \$ 5 or less.

Ministries can ask Gramazin to manage everything for them for affordable fee.

## Introducing

A private on-line space for your community to share life together through prayer.

72Stories is a feature-rich mobile-friendly prayer tool to encourage your community to become more transparent with one another about God's faithfulness in a variety of life situations.

Each community has its own private space on 72Stories

Each user registers using a unique code we give to each of our ministry clients

A social media feed of prayers and prayer responses shared by members of your community

Each individual can be anonymous by using a fictitious Biblical name

Our ministry clients purchase annual subscriptions for their community, free for user

Dozens of prayer topics guide users to share vignettes from their spiritual journey

Separate prayer feeds for each group, event, and class associated with ministry

Users can donate prayers by topic into a library for other people to use who can't find the right words

View prayers posted by an individual

Mark your prayer as answered; edit and hide your prayer

User has option to upload a photo associated with their prayer

Ministry-friendly disclaimers for user to agree to

Quick click to say you prayed for person's request

Easy-to-use dashboard for ministry administration

Users can setup email notifications

User can easily change their security settings

72 hour erase option for ministry

Users can report prayers that are abusive
