

*"Praise be to the God and Father of our Lord Jesus Christ, the Father of compassion and the God of all comfort, who comforts us in all our troubles, so that we can comfort those (our neighbors searching for hope on-line) in any trouble with the comfort we ourselves receive from God."*

2 Corinthians 1:3-4 (NIV)

*"Return home and tell (your neighbors searching for help on-line) how much God has done for you." So the man went away and told all over town how much Jesus had done for him."*

Luke 8:39 (NIV)

*"But you will receive power when the Holy Spirit comes on you; and you will be my witnesses (to your neighbors searching for help on-line) in Jerusalem, and in all Judea and Samaria, and to the ends of the earth."*

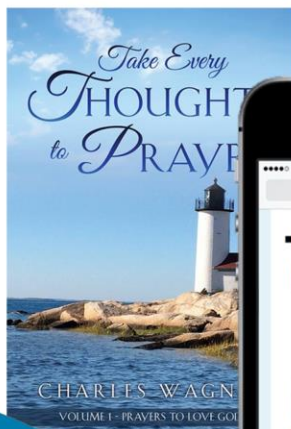

Acts 1:8 (NIV)

## Our Vision for Spiritual Revival in America

### 1) People are encouraged to surrender their lives to the transforming love of God

Our publications, such as our two-volume book [www.takeeverythoughttoprayer.com](http://www.takeeverythoughttoprayer.com), help people discover the story of God's faithfulness in their lives. When people understand that, they are more likely to share their story with others.

### 2) Believers are equipped to share their stories of Jesus Christ's love in their life

Our web prayer application [www.72stories.com](http://www.72stories.com) creates a culture of transparency in our churches. We help believers with the next step, preparing and sharing their testimonies with their neighbors in crisis.

### 3) Churches are equipped to publish believer stories on the front page of their website.

We are not only the experts on church website content across America, we are also the one-stop-shop a church can count on once they decide testimonies should be featured on the home page of their website.

### 4) Society is made aware of the presence of testimonies on church websites.

We create awareness of our mission through our prayer ministry. Visit [www.prayersfortheworld.com](http://www.prayersfortheworld.com) for an example. When the time is right, we will use technology and PR to tell the world that testimonies can be found on church websites.

### 5) Believers invite their neighbors in need to come into the church and encounter the stories face-to-face

We use technology to encourage believers to get involved in local outreach ministries, building relationships with their hurting neighbors. In private conversations, they direct their neighbors to be inspired by the testimonies on local church websites.
